Board

The sample material comprised of ten board grades which were mostly examined as one mixed sample.

The samples were designated as follows

GD2-Oetker	11.06.2016
Multiprint	13.06.2016
Top Print	16.06.2016
Multiprint K	18.06.2016
Multiprint	19.06.2016
Multiprint	22.06.2016
Top Print	24.06.2016
Hansaboard	26.06.2016
Multiprint spez.	28.06.2016
Top Print	30.06.2016

- 2 -

The samples were examined by us according to the

"Methoden zur Untersuchung von Papieren, Kartons und Pappen für Lebensmittelverpackungen", Stand 2008, entsprechend der Vorschrift Nr. 80.56 in der Amtlichen Sammlung von Untersuchungsverfahren nach § 64 des Lebensmittel- und Futtermittelgesetzbuchs - LFGB,

("Methods for testing papers and boards for food packaging", state of 2008, corresponding to the method no. 80.56 within the Official Collection of Test Methods according to § 64 of the Foodstuffs and Animal Feed Code - LFGB),

as well as to the specific requirements of the

Guidelines of the Council of Europe on test conditions and methods of analysis for paper and board materials and articles intended to come into contact with foodstuffs, Technical Document no. 2, version 3 of 14 November 2007,

for the used raw materials, fabrication additives and special paper finishing agents as well as for the release of substances which might endanger health.

Moreover, the migration of various elements according to the

DIN EN 71, part 3 "Safety of Toys, Migration of Certain Elements", state of December 2014,

as well as the content of heavy metals according to the provisions of the

Directive 94/62/EC of the European Parliament and of the Council of 20 December 1994, on packaging and packaging waste, Official Journal of the European Communities L 365/10 of 31 December 1994, last amendment by the Directive 2013/2/EU of the Commission of 7 February 2013, Official Journal of the European Union L 37/10 of 8 February 2013,

were examined.

The board grades are in compliance with the rules of the

Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC, Official Journal of the European Union L 338/4 of 13.11.2004, modified by app. no. 5.17 of the regulation (EC) No 596/2009 of 18 June 2009, Official Journal of the European Union L 188 of 18 July 2009, article 3,

as well as of the

Lebensmittel-, Bedarfsgegenstände- und Futtermittelgesetzbuch (Lebensmittel- und Futtermittelgesetzbuch - LFGB) in der Fassung der Bekanntmachung vom 3. Juni 2013 (BGBl. I S. 1426), zuletzt geändert durch Artikel 4 Abs. 19 des Gesetzes vom 18. Juli 2016 (BGBl. I S. 1666), §§ 30 und 31,

(Foodstuffs, Consumer Goods and Animal Feed Code (Foodstuffs and Animal Feed Code - LFGB) in the version of the notification of 3 June 2013 (BGBl. p. 1426), last amendment by article 4 paragraph 19 of the law of 18 July 2016 (BGBl. I p. 1666), §§ 30 and 31),

and are approved according to the

Deutsche Empfehlung XXXVI zur gesundheitlichen Beurteilung von Materialien und Gegenständen für den Lebensmittelkontakt im Rahmen des Lebensmittel- und Futtermittelgesetzbuches, 34. Mitteilung, Bundesgesundheitsblatt 10, 14 (1967), einschließlich 216. Mitteilung, Bundesgesundheitsblatt 57, 1128-1130 (2014), Stand vom 01.06.2014,

(German Recommendation XXXVI for the health-related evaluation of materials and objects for the contact with foodstuffs in the frame of the Foodstuffs and Animal Feed Code, 34<sup>th</sup> memorandum, Bundesgesundheitsblatt 10, 14 (1967), including the 216<sup>th</sup> memorandum, Bundesgesundheitsblatt 57, 1128-1130 (2014), state of 1 June 2014).

The demands of the

Resolution of the Council of Europe AP (2002) 1 on paper and board materials and articles intended to come into contact with foodstuffs of 18 September 2002,

and of the

Guidelines of the Council of Europe on paper and board materials and articles, made from recycled fibres, intended to come into contact with foodstuffs, Technical Document no. 3, version 2 of 10 June 2004,

are met by the paper grade. Instead of the not yet evaluated Technical Document 1 on constituents, the list of fabrication additives of the German Recommendation XXXVI was consulted.

In addition, the board grades meets the provisions of the

DIN EN 71, part 3 "Safety of Toys, Migration of Certain Elements", state of December 2014,

as well as the

Directive 94/62/EC of the European Parliament and of the Council of 20 December 1994, on packaging and packaging waste, Official Journal of the European Communities L 365/10 of 31 December 1994, last amendment by the Directive 2013/2/EU of the Commission of 7 February 2013, Official Journal of the European Union L 37/10 of 8 February 2013,

regarding the heavy metal content.

Thus the board grades according to the sample material submitted may be used safely for food packaging. They may stand in direct contact with dry, non-fatty foodstuffs and such kind of foodstuffs which are peeled, shelled or washed before consumption. and may also be used for secondary packaging. Additionally they also be used as secondary packaging. Dry, non-fatty foodstuffs with large surfaces may be packed with them provided that an appropriate intermediate packaging is employed.

This certificate of compliance has a validity of 2 years and consists of 5 pages.
